Audit Department of the State of Amazonas

Innovation

Studies on current treatment settings documents pointed to corporate scanning, digital storage, search and retrieval of documents and processes.

TRIBUNAL DE CONTAS DO ESTADO DO AMAZONAS
Audit Department of the State of Amazonas

ACCESSIBILITY IN TCE / AM

- It was started with the assessment of a project of the Superior Court of Justice (STJ), in which it required the digitalization of processes to be made by persons with audio disability.
- The TCE / AM created a local project, which is a pioneer among TCEs in Brazil. A contract was signed with the Association of the people with disabilities of the State of Amazonas, on which it is established that this association is responsible for selecting the people with disabilities to participate in the project in accordance with the demand of the Superior Court.
